# VACUUMS

## Vantage-Vac® 14 HP

The Vantage-Vac® is designed for portable, yet powerful insulation removal. Whether the insulation is wet, fire damaged or smoke damaged, the 14 HP gas-powered Vantage-Vac® can handle even the most difficult insulation removal jobs. Its compact, 2-wheel design allows for close placement to the removal area, resulting in shorter hose runs and reserving the power of the Vantage-Vac® to efficiently move hard-to-handle material which can discharge directly into a disposable collection bag, or a Dumpster®.

Processing Rate: 4,199 lbs/hr (Fiberglass)

# VACUUMS

## Versa-Vac® 19 HP

The Versa-Vac<sup>OS</sup>® is designed for fast, profitable removal of blown-in insulation as well as fire, water and smoke damaged insulation from attics, sidewalls and crawlspaces. Material intended for recycling can be conveyed directly to your spraying machine for reuse. Waste material can be discharged directly into 75 cu. ft. disposable collection bags or directly into a Dumpster® receptacle. In most cases, you can recover your investment after just a few jobs.

# VACUUM ACCESSORIES

## Removable Hose Kit A

Complete Hose packages for use with a Meyer Versa-Vac<sup>OS</sup> and Vantage-Vac Removal Vacuums. Available in 150 Ft. and 200 Ft. total hose lengths.

Includes:

4" & 6" Vaculite Hose  
Pick-up Tube w/Handles  
6" to 4" Hose Reducer  
6" Dia. Hose Sleeve Connectors  
Adjustable Hose Clamps

422A-1000	150 Ft.	<b>\$880.00</b>
422A-1002	200 Ft.	<b>\$1,165.00</b>

## Removable Hose Kit B

175 Ft. complete Hose package for the Meyer Veloci-Vac.

Includes:

(1) 4" x 50', (4) 6" x 25'  
(1) 8" x 25' Vaculite Hose  
(1) 6" - 4" and  
(1) 8" - 6" Hose Reducer  
(3) 6" Dia. Hose Sleeve Connectors  
(2) 2-5/16" - 10" and  
(10) 2" - 7" Adj. Hose Clamps  
(1) Pick-up Tube w/Handles

422A-1001	175 Ft.	<b>\$1,135.00</b>
-----------	---------	-------------------

## Insulation Removal Hose

Vaculite Insulation Removal Vacuum hose made of polyethylene with a metal helix running through the hose. Available in these sizes:

4" dia. x 50' long  
6" dia. x 25' long  
8" dia. x 25' long

450PS262	4" x 50'	<b>\$219.00</b>
450PS167	6" x 25'	<b>\$196.00</b>
450PS168	8" x 25'	<b>\$239.00</b>

## Hose Reducer

Use this adapter to reduce the size of your hose down to a more desirable size.

421E-043	6" OD - 4" OD	<b>\$ 47.00</b>
----------	---------------	-----------------

## Sleeve Connector

Connect 2 pieces of hose together using a sleeve connector.

420Z-010	4" OD	<b>\$ 13.00</b>
421E-049	6" OD	<b>\$ 15.00</b>

## 5' Pick Up Tube

The pickup tube works as an extension to your 4" hose attached to your insulation vacuum. It is tubing that is angled with a handle to help with the process of removing insulation with your Meyer insulation vacuum.

420Z-126	<b>\$ 192.00</b>
----------	------------------

## Hose Clamps

**Adjustable metal hose clamp** used to connect reducers, mounting flanges and sleeve connectors to hose. Available sizes: 2" to 7" dia. and 2-5/16" to 10" dia.

**Nylon quick draw strap** is used to connect the filter bag or insulation removal bag to the vacuum discharge. Size 4" to 12" diameter.

Processing Rate: 7 lbs/hr (Fiberglass)

Fits in a small SUV

### Insulation Blowing Hose Kit C

Hose Kit package ideal for the Meyer Model 220 Insulation Blowing Machine System.

The kit contains:

- (2) 2-1/2" Dia. Mark II, 50 Ft. long
- (1) 2-1/2" Dia. Hose Sleeve Connectors
- (3) 2-1/2" Wire Hose Clamps

422A-1005

**\$ 211.00**

Hopper is hinged and removable for easy inspection and replacement of seal strips

# BLOWING MACHINES

## Model 551 Insulation Blowing Machine

Step-up to a contractor level blowing machine. Use it as your start-up machine, a backup, or to expand your retro-fit business. The Series 550 is capable of blowing all types of loose fill materials such as cellulose, fiberglass and rockwool. No other insulation blower provides this level of performance, reliability and versatility in an affordable machine. The 3G Series 550 is backed by the most comprehensive 2-year warranty in the business.

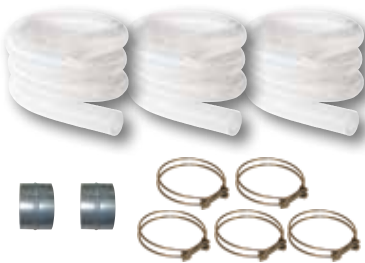

550C-004

**Call for pricing**

- Double clutch design
- Shear pin safety system
- Optional wireless remote

### Insulation Blowing Hose Kit B

Hose Kit package ideal for the Meyer Series 550 Insulation Blowing Machine System.

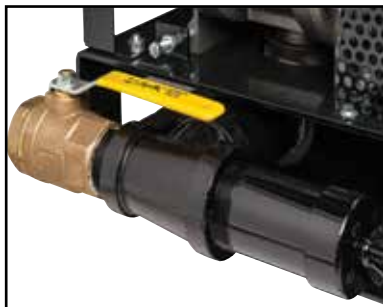

The kit contains:

- (3) 3" Dia. Mark II, 50 Ft. long
- (2) 3" Dia. Hose Sleeve Connectors
- (5) 3" Wire Hose Clamps

422A-1004

**\$ 403.00**

### Air bleed relief kit

Processing Rate: 3,000 lbs/hr (Cellulose)  
Processing Rate: 1,320 lbs/hr (Fiberglass)

# BLOWING MACHINES

## Model 1400 Insulation Blowing Machine

Meyer's unparalleled SERIES 1400 is an all-fiber, large capacity machine that delivers unmatched open blow production and unparalleled accuracy. If you want to do more jobs per day, or if you just want to complete big jobs faster, the Series 1400 has what it takes.

The Series 1400 integrates an oversized hopper, the industry's largest available blower and a large 4" diameter line size, making it the perfect solution to your high production needs.

The Series 1400 is engineered to simplify operation, minimize downtime and deliver accurate and uniform coverage. Meyer's exclusive quick-change sealstrip system lets you replace sealstrips in the feeder in a matter of minutes. A 4-speed transmission provides flexible hopper speed control, and the electrically operated material slide gate is panel mounted for easy adjustment. All gauges and controls are easily accessible without having to remove protective safety guards.

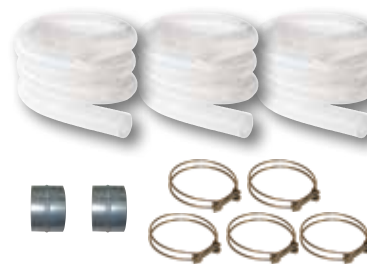

A complete range of drive options includes truck driven, mechanical power-take-off, and water cooled gas or diesel engines, so you can configure your Series 1400 to suit your specific needs and preferences.

The Series 1400 represents Meyer's total commitment to the highest standards of quality, craftsmanship and customer service. Backed by the most comprehensive 2-year warranty in the industry, the Series 1400 will serve the professional applicator for years.

Processing Rate: 3,800 lbs/hr (Cellulose)  
Processing Rate: 2,200 lbs/hr (Fiberglass)

### Insulation Blowing Hose Kit A

Hose Kit package ideal for the Meyer Series 1400 and Series 1500 Insulation Blowing Machine Systems.

The kit contains:

- (3) 4" Dia. Mark II, 50 Ft. long
- (2) 4" Dia. Hose Sleeve Connectors
- (5) 4" Wire Hose Clamps

422A-1003

**\$ 532.00**

Meyer's exclusive quick-change sealstrip system lets you replace sealstrips in the feeder in minutes.

# BLOWING MACHINES

## Model 1500 Insulation Blowing Machine

Meyer's top-of-the-line, hydraulic drive blower is an all-fiber, large capacity machine that delivers fast, accurate and uniform open blow coverage. Finish bigger jobs faster with the Series 1500 insulation blower - your high production solution. The Series 1500 features a hydraulic drive system providing power to the blower, feeder and hopper. The new variable speed blower control allows the operator to control air volume while maintaining a constant delivery pressure. With Meyer's hydraulic drive there are no more clutches, transmissions and the associated chains, belts and pulleys. Our innovative design simplifies installation, providing exceptional operating performance and reliability, requiring minimal maintenance.

The adjustable hopper speed control provides precise control of hopper conditioning speed, and the electrically operated material slide gate is panel mounted for easy adjustment. All gauges and controls are easily accessible without having to remove protective safety guards.

**Call for pricing**

### Fully integrated hydraulic system

- Direct coupled hydraulic motors to power the hopper, feeder and blower
- 28 gallon hydraulic oil tank
- Hydraulic oil level and temperature indicator
- Heat exchanger with automatic high temperature shut-off
- Easy access hydraulic oil filter

### Insulation Blowing Hose Kit A

Hose Kit package ideal for the Meyer Series 1400 and Series 1500 Insulation Blowing Machine Systems.

The kit contains:

- (3) 4" Dia. Mark II, 50 Ft. long
- (2) 4" Dia. Hose Sleeve Connectors
- (5) 4" Wire Hose Clamps

422A-1003

**\$ 532.00**
