

Meyer's Double Clutch Series 550

Multiple applications with the flip of a switch!

The New Meyer 550 Blowing Machine gives you flexibility and control in a small package.

This innovative design utilizes a double clutch, allowing the user to blow attics, side walls or wall spray with a flip of a switch. Alternate from air only to material/air instantly!

No other insulation blower is capable of blowing all types of loose fill insulation, including fiberglass, cellulose and rockwool. Our new 3G Series 550 is backed by a comprehensive 2 year warranty.
