

RECLAIM VACUUM

# Most Powerful Reclaim Vacuum!

## Ultra Conveying Performance With The Veloci-Vac.

Veloci-Vac is designed for both insulation removal and air duct cleaning. With its 20HP CARB compliant engine, Veloci-Vac has the power and portability you need for the toughest projects. Whether you're an experienced contractor expanding your business, or an entrepreneur looking to start-up, give your business two revenue streams instead of one. Meyer will help you get started and answer any questions you may have about the Insulation Removal or the Air Duct cleaning business.

## Meyer Veloci-Vac Does Both

### Features

- 20HP CARB compliant engine
- Twin cylinder OHV, electric start
- Remote 6.6 Gallon fuel tank
- 8" Inlet diameter
- Optional collection bags
- Steel frame and fan housing with removable T- handle
- Two year warranty
- Optional safety "Y" component catches potentially harmful objects

### Insulation Removal

The Veloci-Vac is designed for fast, profitable removal of fire, water and smoke damaged insulation from attics, sidewalls and crawl spaces. Material intended for recycling can be conveyed directly to your spraying machine for reuse. Waste material can be discharged directly into 75 cu. ft. disposable collection bags or directly into a Dumpster® receptacle.

### Air Duct Cleaning

Meyer's Veloci-Vac has all the power and portability you need for residential and commercial Air Duct Cleaning. It has the same features as larger more expensive models but at a more economical price. Let Meyer help you get started in one of the most profitable, fastest growing segments of the Indoor Air Quality Industry.
