VERSATILE, POWERFUL AND PORTABLE INSULATION VACUUM

Make short work of messy, time consuming insulation removal jobs with the Meyer VERSA-VAC V23. The VERSA-VAC V23 is designed for fast, profitable removal of blown-in insulation as well as fire, water and smoke damaged insulation from attics, sidewalls and crawl spaces. VERSA-VAC V23 will provide exceptional suction for spray foam waste clean up applications. Waste material can be discharged directly into 75 cu. ft. disposable collection bags or directly into a Dumpster receptacle. In most cases, you can recover your investment after just a few jobs.

VERSA-VAC V23

Features and Benefits

- 23 HP Kohler V-Twin OHV gas engine
